The Highland hens seem to be on a strike. No eggs selling for weeks. And, strange to say, the market took a big tumble first of the week, all of which is calculated to take some self-conceit out of the Highlander hen.

If the daily papers would move to cut the names of Cole Bleasie and Jack Johnston, a reading public would "second the motion." Such cattle love notoriety and they don't care at what cost.

A news item over-looked last week was the visit of Mrs. M. K. Fleisher to Waynesboro, the home of her sister, Mrs. Geo. W. Hevener. She returned on Saturday.

Don't forget that we have a good stock of Ladies and childrens coats and suits at the right prices. Give us a call. Highland mer. Co.

See G. Herbermann's Son adv. in another column. In his letter to us he speaks of the great mistake shippers make in their poultry etc. by not having their consignments in good condition. It pays to use good judgment before shipping.

Two runaway accidents occurred here Monday morning. Albert Nelson, had four horses looked to his wagon to start to Staunton and thinking he had everything in readiness started the team. He had forgotten to fasten the lines on the lead horses, and they started to run. In some way Mr. Nelson got under a wheel, which passed over him hurting his leg and arm and cutting a gash in his head; we hope no serious wounds.

The other was that of M. A. Colaw, whose team was on the street, in front of W. G. Hull's store and no one being in charge of them, started for home, and ran to the creek at the residence of Cornelius Wimer, Jr. and turned the wagon into the creek. No damage was done.

"PEARL BEFORE SWINE"

Sometime since H. M. Slaven, Jeweler, Monterey, Va., sold a watch to an Irishman, with a guarantee to keep it in order for one year. About 6 months after the purchase "Irish" came back with the watch for the reason it had stopped.

"You seem to have had an accident with it, said Slaven, and I cannot stand for it."

"A small one, sure enough, sir. About two months ago I was feeding the pig and the watch fell into the trough."

"But you should have brought it before."

"Sure, I brought it as soon as I could," "Irish" replied. "We only killed the pig yesterday."

CON'D FROM FIRST PAGE

Rev. N. A. Parker, Pastor, The Presbyterian Church.

Dr. A. P. Derby.

Attorney J. M. Colaw, Mayor of Monterey.

Mr. Arnet Gum, First National Bank, will act as teller.

The final count will be made at The First National Bank—and will be private. We have selected the above gentlemen, all residents of Monterey, as there are no Monterey candidates competing.

LOOK OVER YOUR STANDING

The votes as cast from week to week have been printed in each week's issue of The Recorder. We assume that each worker has kept a tally of what he or she has voted, each week, and we want every candidate to look over their standing in this week's issue, and assure themselves that they have all the votes coming to them. If you are NOT satisfied as to the correctness of the count thus far, a written statement should be filed with the Contest Manager, not later than Monday, Dec. 16, at 8 p. m. The above standings are the basis on which the final count will be made by the judges, so look over YOUR standings.

ABOUT PHONING FOR RESULTS

We know you want to learn "who wins"—but it will be 9 to 9:30 p. m. before the judges will complete their task.

A BIG MISTAKE

Some one remarked when they saw this week's standings—it's all over but the shouting. But they made a big mistake, for the contest isn't over until the last minute, of the last hour, of the last day, and the way some of the candidates are working, some upsets may come the last minute. The standings are close, and the winner may be determined by the work of the last four days. For the winning of the contest still hangs in the balance. If you want to help a candidate—subscribe, and as this is the last call—do it now.

Received of the Highland Recorder \$5 in gold, special prize won by me for the period ending Nov. 30th. Mrs. Julian M. Byrd.

Many growing girls in school or business are frail—delicate—anaemic—lack energy and ambition and have thin blood. It is all unnatural and unless checked leads to serious and chronic ills.

Nourishment, not drugs, is the law of reason to build strength—but when appetite is poor and digestion weak, ordinary foods do not nourish—then SCOTT'S EMULSION is necessary.

SCOTT'S EMULSION overcomes just such conditions; its tissue material enters the blood without digestive effort and makes it rich. It tones the whole system and starts the healthy action of cells throughout the body.

Imitations are often offered, but to get results you must get SCOTT'S. Scott & Bowne, Bloomfield, N. J.
